Project Concept

9 Coffee is a premium, productivity-focused café concept designed specifically to accommodate studying, remote work, and professional collaboration. The café blends a modern, serene environment with an optimized layout to foster focus and efficiency. To complement this experience, 9 Coffee offers a curated selection of premium hot and cold beverages, artisanal desserts, and light snacks, ensuring an exceptional and seamless customer experience.

Comprehensive Work Plan

1. Research & Market Analysis

- **Target Demographic:** Individuals aged 18–50, specifically categorised into:
 - Students seeking a quiet, distraction-free environment for academic preparation.
 - Freelancers and remote workers requiring a functional, comfortable workspace.
 - Corporate professionals seeking a calm setting for meetings or deep-focus tasks.
- **Pricing Strategy:** A competitive mid-range pricing model structured to balance high-quality offerings with market affordability.

Comprehensive Work Plan

2. Visual Identity & Brand Design

- **Typography & Logo:** The brand identity utilizes clean, contemporary typography centered around the "9 Coffee" wordmark.
- **Color Palette & Psychology:** Yellow serves as the primary brand color, strategically chosen to evoke warmth, energy, and a welcoming ambiance. The visual system prioritizes minimalist design to ensure brand recognition while seamlessly aligning with a professional workflow environment.

Comprehensive Work Plan

3. Core Marketing Assets

- **Promotional Poster:** A modern promotional asset engineered to communicate focus, productivity, and comfort. Utilizing the signature yellow palette, the design features a minimalist layout and clean visuals tailored to appeal directly to professionals and students.
-

4. Collateral & Touchpoints

- **Menu Design:** A streamlined, sophisticated menu developed in alignment with the 9 Coffee visual identity. It features a structured, highly legible layout that organizes the beverage and pastry selections for an effortless customer ordering process.
-

Comprehensive Work Plan

5. Quality Assurance & Brand Alignment

- **Review & Finalization:** A rigorous review phase dedicated to ensuring absolute consistency across all branding touchpoints. This process guarantees that typography, color execution, and overall visual aesthetics unify to deliver a cohesive customer experience.
-

6. Final Deliverables

- **Executive Presentation:** A comprehensive slide deck summarizing the project's strategic and creative execution.
